January 2020

Dear Praying Friends,

What a year was 2020! As we look back over the whole year, we are amazed at the goodness and grace of God. We would never have planned or chosen many of the things that have occurred during the year, but knowing that the Lord will draw us closer to Himself through these things makes them worthwhile.

We are still labouring under the restrictions that limit our church attendance to 15% of building capacity. There are supposed to be no indoor or outdoor social gatherings throughout the province. This restriction regarding social gathering has confused many, who equate social gathering with the spiritual gathering of God's people. We are thankful for those who faithfully gather with us and are seeing spiritual growth during this time of struggle and difficulty.

We were able to produce the video recordings of the series, Seven Steps to God. We have seen a positive response to our offer of this booklet and have even been able to share the videos with some who have difficulty reading English. We have also continued to offer free New Testaments and have had a good response. What we desire is to see souls saved. Please pray for greater interest as we continue to make these offers in our city.

In January, James and Jared begin their final semester in our college-level Bible Institute. They have done well, and are looking forward to com-

pleting their studies. Please pray for them as they seek God's will for their lives.

Please continue to pray about our desire to transition our immigration status to Permanent Residence. We have not year heard anything from Immigration, but things are moving very slowly during this time.

The Lord brought to us a young couple who came to Christ during the spring lockdown. We are so thankful for them and their great interest in the Word and will of God. Another lady followed our live stream for some time before visiting. She was saved several years ago but needs Scriptural baptism. These have all presented themselves for baptism, which

we have planned for mid-January. We are thrilled about what the Lord is accomplishing here.

Thank you for the many cards, emails, gifts, and expressions of thoughtfulness during the Christmas season. We appreciate the opportunity to serve Jesus here in Edmonton, and we are grateful for your sacrifice which allows us to be here.

The Night Cometh!
