May 2020

Dear Praying Friends,

Wow! That is all we can say about these past 6-8 weeks. Many of you have had to deal with more difficulties and restrictions than we, for which we have taken the time to pray for you to know God's wisdom and grace during this difficult period.

We were placed into a position to hold live-stream only services in the end of March. The place where we had been renting meeting space closed, making it impossible for us to meet in person. We immediately began passing out flyers to advertise our live-stream services. We have seen new "faces" in our live-stream. Some of these are members of our supporting churches that had been forced to cancel services without the ability to host live-stream services. However, we believe that some of these "visitors" are from our local area. We are praying that these people will venture out to an in-person service as the restrictions are lifted.

We continue to offer a free Bible or New Testament to anyone who will ask. To date, we have delivered 25 Bibles and 7 New Testaments. The following is a message we received along with a request for a Bible: "This is absolutely wonderful, thank you. To be honest, I've never been particularly involved with the church... Having said that, recent events in my life have very much awakened a faith in me that I've been on the fence about for

a very long time..." We are praying that these offerings will result in the salvation of souls.

We took the decision to terminate our rental agreement where we have been meeting for the past 20 months. We had been praying about this decision before the events surrounding the coronavirus, but these events seemed to confirm the direction of the Lord. We had been praying for a place with enough room for us to have a nursery and a Sunday School class so that we can be a greater blessing to those who attend our services. The Lord has answered our prayers with a beautiful facility. The monthly rent is quite a bit more, but we will have 24/7 access to our facilities, which has more than enough room for the things we want to do to reach out into our community. Lord willing, we will gain access to this new facility on 15 May, and will be able to set everything up so that we can begin holding meetings together in the beginning of June, if provincial guidelines will allow that. Please pray that these preparations will move forward smoothly.

While it seems that the world has gone mad, we are excited to share with folks that the Lord is risen and is coming soon!

The Night Cometh!
